DRAFT GOVERNMENT BILL

Persons with Disability (Regulation of Restrictive Practices) Bill 2021

Explanatory note

Overview of Bill

The objects of this Bill are as follows—

- (a) to promote the reduction and elimination of the use of restrictive practices to support persons with disability,
- (b) to ensure that restrictive practices are used only to prevent persons with disability from harming themselves or others and to support positive outcomes for persons with disability,
- (c) to protect and promote the rights and the personal and social well-being of persons with disability, including the inherent right to respect for their worth and dignity as individuals,
- (d) to ensure persons with disability can live free from abuse, neglect and exploitation,
- (e) to regulate the use of certain restrictive practices by the providers of supports to persons with disability under the *National Disability Insurance Scheme Act 2013* of the Commonwealth (the *NDIS Act*).

A *restrictive practice* has the same meaning as in the NDIS Act and means a practice or intervention that has the effect of restricting the rights or freedom of movement of a person with disability. Examples include seclusion, chemical restraint, mechanical restraint, physical restraint and environmental restraint.

Outline of provisions

Part 1 Preliminary

Clause 1 sets out the name (also called the short title) of the proposed Act.

Clause 2 provides for the commencement of the proposed Act.

Clause 3 sets out the objects and guiding principles of the proposed Act. The objects are set out in the Overview above and the guiding principles are as follows—

- (a) a person with disability and, where appropriate, the person's family and carers, are to be consulted and involved in decisions about the use of restrictive practices,
- (b) a person with disability is assumed to be capable of making decisions about the use of restrictive practices, unless it is established the person is not capable, and all reasonable steps should be taken to help a person with disability make decisions about the use of restrictive practices,
- (c) a person with disability is entitled to have a support person when being consulted or making decisions about the use of restrictive practices,
- (d) decisions about the use of restrictive practices to support a person with disability are to be made taking into account the person's wishes and the person's individual circumstances, including culture, language, age, gender, sexual orientation and religious beliefs,
- (e) the use of restrictive practices to support persons with disability is to be monitored and reviewed regularly,
- (f) the least restrictive practices should be used and restrictive practices should be used for the shortest time practicable.

A person exercising a function under the proposed Act must have regard to the objects and guiding principles.

Clause 4 provides that words used in the proposed Act are defined in the Dictionary.

Part 2 Functions of Ageing and Disability Commissioner and government sector agencies

Clause 5 specifies the functions of the Ageing and Disability Commissioner (the *Commissioner*). The Commissioner has the following functions under the proposed Act—

- (a) to promote the objects and guiding principles of the proposed Act,
- (b) to raise awareness and educate government sector agencies about the use of restrictive practices to support persons with disability,
- (c) to review decisions by authorisation panels that issue authorisations for the use of restrictive practices to support NDIS participants,
- (d) to monitor, assess and report on the use of restrictive practices by NDIS providers and government sector agencies,
- (e) to advise, and make recommendations to, the Minister for Families, Communities and Disability Services, at the Commissioner's own initiative or at the request of the Minister, on matters relating to the use of restrictive practices to support persons with disability.

The Commissioner's functions under the proposed Act extend to children with disability.

Clause 6 provides for the exchange of information between the Commissioner and various Commonwealth NDIS agencies and NSW government sector agencies.

Clause 7 imposes certain obligations on government sector agencies that use or propose to use restrictive practices on persons with disability. These government sector agencies are required to—

- (a) take into account the objects and guiding principles of the proposed Act, and
- (b) co-operate with the Commissioner in relation to the Commissioner's functions under the proposed Act, and
- (c) provide a report to the Commissioner every year in relation to the use of restrictive practices.

Part 3 Prohibited and authorised uses of restrictive practices

Clause 8 prohibits the restrictive practice of seclusion from being used by an NDIS provider on a child NDIS participant and enables the regulations to prohibit other restrictive practices. The registration of an NDIS provider under the NDIS Act is subject to the condition that the provider must not use a restrictive practice that is prohibited in New South Wales.

Clause 9 sets out the restrictive practices that may only be used by an NDIS provider on an NDIS participant if authorised under proposed section 10. These include certain regulated restrictive practices within the meaning of the NDIS Restrictive Practices Rules, such as chemical restraint, mechanical restraint, physical restraint and environmental restraint. The registration of an NDIS provider under the NDIS Act is subject to the condition that the use of a restrictive practice specified in the proposed clause must be authorised under the proposed Act.

Clause 10 provides that the use of a restrictive practice specified in proposed section 9 on an NDIS participant is authorised if—

- (a) the NDIS provider has obtained the NDIS participant's consent to the use and the consent has not been withdrawn, and
- (b) the use is in accordance with an authorisation issued by an authorisation panel, and
- (c) the use is in accordance with a behaviour support plan developed for the NDIS participant.

Clause 11 deals with the circumstances in which an NDIS provider uses a restrictive practice without authorisation under the proposed Act.

Part 4 Consent to use of restrictive practices

Clause 12 sets out the requirements for an NDIS provider when seeking the consent of an NDIS participant to the use of a restrictive practice. An NDIS provider must seek consent from an appropriate trusted person for an NDIS participant if satisfied that the NDIS participant is not capable of giving consent to the use of a restrictive practice in particular circumstances.

Clause 13 defines who is an appropriate trusted person for an NDIS participant, which may include a parent, guardian, carer, close friend or relative of the NDIS participant.

Clause 14 sets out the meanings of *spouse* of an NDIS participant, a person who *has the care* of an NDIS participant and a *close friend or relative* of an NDIS participant.

Part 5 Authorisation of use of restrictive practices

Division 1 Issue of authorisations

Clause 15 provides for the issue of an authorisation to an NDIS provider to authorise the use of a restrictive practice on an NDIS participant. An authorisation may be issued by an authorisation panel only if—

- (a) the use is appropriate and necessary to prevent the NDIS participant from causing harm to themselves or another person, and
- (b) the use is contained in a behaviour support plan developed for the NDIS participant, and
- (c) the NDIS provider has obtained the NDIS participant's consent to the use and the consent has not been withdrawn.

Clause 16 provides that an authorisation panel is to consist of—

- (a) each NDIS provider proposing to use the restrictive practice on the NDIS participant, and
- (b) an NDIS behaviour support practitioner who—
 - (i) did not develop the behaviour support plan for the NDIS participant that contains the use of the restrictive practice, and
 - (ii) is not employed or engaged by an NDIS provider on the authorisation panel.

Clause 17 requires an NDIS provider to whom an authorisation is issued to notify, and provide certain information to, the NDIS participant and the Commissioner.

Division 2 Other documentation

Clause 18 requires an NDIS provider that uses, or proposes to use, restrictive practices to develop certain policies and procedures.

Clause 19 requires a behaviour support plan for an NDIS participant that contains the use of a restrictive practice to be developed by an NDIS behaviour support practitioner in consultation with the NDIS participant and the NDIS provider proposing to use the restrictive practice.

Part 6 Review of authorisations of use of restrictive practices

Clause 20 provides for an NDIS participant, an NDIS provider or another person with a genuine concern for the NDIS participant to apply to the Commissioner for a review of a decision of an authorisation panel in relation to the use of a restrictive practice.

Clause 21 provides for a decision of the Commissioner under proposed section 20 to be reviewed by the NSW Civil and Administrative Tribunal.

Part 7 Miscellaneous

Clause 22 protects NDIS providers, and persons acting under the direction of an NDIS provider, who are acting in accordance with the proposed Act from criminal and civil liability in certain circumstances.

Clause 23 protects the Commissioner and the Commissioner's staff who are exercising functions under the proposed Act in good faith from personal liability.

Clause 24 makes it an offence for a person to disclose information obtained in connection with the administration or execution of the proposed Act except in certain circumstances. The maximum penalty is 50 penalty units, currently \$5,500.

- (2) The use of other restrictive practices that are prescribed by the regulations by an NDIS provider on an NDIS participant is prohibited.

- (1) The following restrictive practices may be used by an NDIS provider on an NDIS participant only if the use is authorised under section 10—
 - (a) a regulated restrictive practice,

 - (b) the NDIS provider must lodge evidence that the use is authorised with the Commissioner of the NDIS Quality and Safeguards Commission of the Commonwealth.

Part 4 Consent to use of restrictive practices

12 Procedure for obtaining consent from NDIS participant

- (1) An NDIS provider seeking to obtain consent to the use of a restrictive practice from an NDIS participant must provide the NDIS participant with information to assist the NDIS participant in deciding whether or not to consent to the use of the restrictive practice.
- (2) The information provided to the NDIS participant must be readily understandable by the NDIS participant.
- (3) Without limiting the circumstances in which an NDIS participant is taken to refuse or withdraw consent, an NDIS participant is taken to refuse or withdraw consent to the use of a restrictive practice if the NDIS participant—
 - (a) indicates, by whatever means, that the NDIS participant does not want the restrictive practice to be used, or
 - (b) has previously indicated, in similar circumstances, that the NDIS participant did not want the restrictive practice to be used and has not subsequently indicated to the contrary.
- (4) An NDIS participant is not capable of giving consent to the use of a restrictive practice if the NDIS participant is not capable of—
 - (a) understanding the general nature and effect of the restrictive practice, or
 - (b) indicating whether or not the NDIS participant consents or does not consent to the use of the restrictive practice.
- (5) If an NDIS provider is satisfied that the NDIS participant is not capable of giving consent to the use of a restrictive practice in particular circumstances—
 - (a) the NDIS provider is to seek the consent to the use of the restrictive practice from an appropriate trusted person for the NDIS participant, and
 - (b) for that purpose, a reference in this Act to an NDIS participant in relation to the use of the restrictive practice includes a reference to an appropriate trusted person for the NDIS participant in the particular circumstances.
- (6) An appropriate trusted person from whom consent to the use of a restrictive practice on an NDIS participant is sought must, without limitation, consider the following in deciding whether or not to consent—
 - (a) the wishes of the NDIS participant,
 - (b) the health and safety of the NDIS participant.
- (7) The regulations may make provision for or with respect to—
 - (a) the procedure to be followed by an NDIS provider when seeking consent to the use of a restrictive practice on an NDIS participant, and
 - (b) the manner and form in which consent to the use of a restrictive practice on an NDIS participant may be given or withdrawn.

13 Appropriate trusted person for NDIS participant

- (1) In this Act, *appropriate trusted person* for an NDIS participant means—
 - (a) for an NDIS participant who is a child—
 - (i) the person who has parental responsibility for the NDIS participant within the meaning of the *Children and Young Persons (Care and Protection) Act 1998*, or

- (ii) if the child is in the care of the Secretary of the Department of Communities and Justice under the *Children and Young Persons (Care and Protection) Act 1998*—the Secretary, or

 - (c) for an NDIS participant who has a guardian—the NDIS participant’s guardian, but only if the instrument appointing the guardian provides for the guardian to consent to the use of restrictive practices on the NDIS participant under this Act, or
 - (d) in any other case—a person determined in accordance with the following hierarchy of persons, in descending order—
 - (i) the NDIS participant’s spouse, if any, but only if the relationship between the NDIS participant and the spouse is close and continuing and the spouse does not have a guardian,
 - (ii) a person who has the care of the NDIS participant,
 - (iii) a person who previously had the care of the NDIS participant, but only if the relationship between the NDIS participant and the person is close and continuing,
 - (iv) a close friend or relative of the NDIS participant.
- (2) If there is more than one person on the same level of the hierarchy specified in subsection (1)(d), an NDIS provider is to take into account the wishes of the NDIS participant in deciding which person to seek consent from as an appropriate trusted person for the NDIS participant.
- (3) An NDIS provider may seek consent from a person who is lower in the hierarchy specified in subsection (1)(d) than another person (the **higher person**), as an appropriate trusted person for an NDIS participant, if—
- (a) the higher person declines in writing to be an appropriate trusted person, or
 - (b) the NDIS provider is satisfied that the higher person is—
 - (i) not capable of being an appropriate trusted person, or
 - (ii) not suitable to be an appropriate trusted person, taking into account the wishes of the NDIS participant.

14 Meanings of “spouse”, “having the care” and “close friend or relative” of NDIS participant

- (1) For the purposes of section 13(1)(d)(i), a person is the *spouse* of an NDIS participant if the person is legally married to the NDIS participant, including if the person is—
- (a) the NDIS participant’s husband, wife or de facto partner, or
Note. “De facto partner” is defined in section 21C of the *Interpretation Act 1987*.
 - (b) the NDIS participant’s spouse under Aboriginal or Torres Strait Islander customary law.
- (2) However, if more than one person qualifies as a spouse of an NDIS participant, the NDIS participant’s spouse is taken to be the last person to qualify as a spouse.
- (3) For the purposes of section 13(1)(d)(ii) and (iii) and without limiting the ordinary meaning, a person **has the care** of an NDIS participant if the person provides, or arranges the provision of, domestic services and support to the NDIS participant on a regular basis, other than for remuneration, whether or not from the NDIS participant.

- (4) However, if an NDIS participant resides in an institution, such as a hospital, nursing home, group home, boarding house or hostel—
 - (a) a person who provides care for the NDIS participant at the institution does not, merely because of that fact, have the care of the NDIS participant, and
 - (b) the person who had the care for the NDIS participant immediately before the NDIS participant began residing in the institution continues to have the care of the NDIS participant.
- (5) For the purposes of section 13(1)(d)(iv), a person is a *close friend or relative* of an NDIS participant if—
 - (a) the person maintains a close personal relationship with the NDIS participant through frequent personal contact and a personal interest in the NDIS participant's welfare, or
 - (b) the person is a relative of the NDIS participant according to Aboriginal or Torres Strait Islander kinship relationships and culture.
- (6) However, a person is not taken to be a close friend or relative of an NDIS participant if the person receives remuneration, whether or not from the NDIS participant, for, or has a financial interest in, services that the person performs for the NDIS participant in relation to the NDIS participant's care.
- (7) In this section—
remuneration does not include a carer's payment from the Commonwealth.
